Purchase of ordinary shares of 6 $\frac{14}{81}$ pence in Centrica plc ("Shares" and the "Company", respectively) by Directors of the Company under its Share Incentive Plan ("SIP").

The SIP trustee, Hill Samuel ESOP Trustees Limited (the "Trustee"), notified the Company on 20 April 2007 that:

(1) The following Directors and other Persons Discharging Managerial Responsibility for the Company acquired Shares under the SIP on 19 April 2007 held through the Trustee:

| | Number of Shares Acquired* | Aggregate Shares held Beneficially (across all accounts following acquisition) |
|--|----------------------------------|--|
| Directors | | |
| Phil Bentley | 48 | 601,227 |
| Sam Laidlaw | 48 | 266,552 |
| Jake Ulrich | 48 | 860,699 |
| Persons Discharging Managerial Responsibility | | |
| Grant Dawson | 48 | 277,427 |
| Anne Minto | 48 | 195,185 |
| Chris Weston | 48 | 133,548 |

* The 'Number of Shares Acquired' includes 32 Partnership shares acquired at 386.50 pence per share and 16 Matching shares acquired at 392.58 pence per share. Both Partnership and Matching elements are registered in the name of the Trustee.

(2) They had transferred 12,944 ordinary shares of 6 $\frac{14}{81}$ pence each from Lloyds TSB Registrars Corporate Nominee Limited AESOP1 (Allocated shares) to Lloyds TSB Registrars Corporate Nominee Limited AESOP2 (Unallocated shares). The transfer was made following the forfeiture of shares, under the rules of the SIP, by participants who have left the group since the last purchase and the shares had been used towards April's allocation of Matching shares. The Directors listed above, together with some 5,401 other employees, are participants in the SIP and are potentially interested in the remaining 3,624 shares held by Lloyds TSB Registrars Corporate Nominee Limited AESOP2 left following the purchase.

The SIP operates as follows

- Each month the Trustee uses participants' contributions (which may not exceed £125 per participant per month) to purchase shares in the market. These shares are called '**Partnership Shares**'.
- At the same time the Company allots to participants via the Trustee one '**Matching Share**' for every two partnership shares purchased that month (up to a maximum of 20 matching shares per month).
- Participants may change their monthly savings rate whenever they wish. However, Directors and others bound by the Company's Securities Dealing Code (the "**Code**") may not make such a change during a close period or when otherwise prohibited from dealing by the Code.

Statement by Centrica plc

26 April 2007

BRITISH GAS ANNOUNCES A SECOND PRICE CUT OF £40 EFFECTIVE TODAY - TOTAL REDUCTION OF £207 THIS YEAR

British Gas today announced a further cut to its standard electricity and gas rates for domestic customers with immediate effect. Its electricity rates fall by a further 6 per cent and gas rates fall by 3 per cent.⁽¹⁾

Together with the decrease announced earlier in the year this second round of price cuts for British Gas customers reduces the average annual dual fuel bill by £207. This takes average prices down to £913 from £1,120⁽²⁾ in just over six weeks. British Gas' standard dual fuel tariff is now cheaper than the local supplier in every area of the country⁽³⁾ and Click Energy remains the cheapest energy tariff on the market.⁽⁴⁾

This move follows the 12 March price cut which saw the company reduce standard gas prices by 17 per cent and electricity by 11 per cent.⁽⁵⁾

Since British Gas announced the March price cut in February, over 678,000 new customers have signed up, and it has seen overall net growth of its customer base since the start of April 2007.

British Gas' new Managing Director Phil Bentley said: "We want British Gas to offer the best value around. We've taken the lead on lower prices and we are committed to restoring our customer service to an industry-leading level. That's why we've added an extra 800 people to our call centres, scrapped plans for the £5 late payment charge, and why we are reducing our prices again – and doing it immediately. Our two price cuts within the space of seven weeks will mean annual savings of £207 for our customers – while some of our competitors have failed to cut prices even once. Since we announced our first price cut more than 678,000 customers have signed up to British Gas and we're now growing our customer base.

"As well as being cheaper than our competitors, we are also greener: British Gas is the biggest supplier of green power to UK homes and our electricity has the lowest CO₂ emissions of any major UK energy supplier."

Last month, British Gas also launched the UK's largest social tariff, the *Essentials Tariff*, at a cost of up to £40 million per year. *Essentials* will lower gas and electricity bills for up to 750,000 vulnerable customers – equivalent to the cheapest British Gas standard tariff. Following today's announcement prepayment meter customers who qualify for *Essentials* will have seen their energy bills drop by 28 per cent since 11 March which will mean an annual saving of £322.⁽⁶⁾

As a further measure for customers seeking reassurance over volatile energy prices in the future, British Gas has updated its *Price Guarantee 2008* product. At no extra premium and with no early exit penalty, customers who take this product are guaranteed British Gas' new cheaper prices until 31 May 2008. The company is writing to all its existing *Price Guarantee 2008* customers to confirm that today's electricity and gas price cut will automatically apply to them.⁽⁷⁾

After this price cut British Gas will still deliver a sustainable margin in 2007 which enables it to make necessary future investments.
